## Technology At Your Speed Of Business

### Complete T Integrated T1 Service

Integrated T1 is the communication technology that large companies use to increase efficiencies and lower costs. Cavalier makes this leading edge technology affordable for small and medium sized businesses. Complete T provides all the voice and data communication services your business needs on one smart connection. Equip your business with information technology that will give you an advantage in the marketplace.

#### Features and Functionality:

##### Data

- Up to 1.024Mbps available Internet bandwidth
- Available options include:
  - Web hosting with unlimited transfer
  - Additional static IP addresses
  - Cost effective managed security solutions (firewall, anti-virus/anti-spam, VPN)

##### Voice

- Configurable with 8 - 20 voice lines
- Available options include:
  - Unlimited or per call local calling options
  - Unlimited or per minute long distance
  - Convenient voice features like Caller ID with Name, Speed Calling, Three Way Calling and many others. Choose the local line bundles that best fit your calling needs

#### Benefits:

- **Reliable.** Complete T is backed by Cavalier's stringent service level agreement covering network availability, network latency and packet loss. Our commitment to customer satisfaction has helped us achieve an industry leading T1 retention rate greater than 99%
- **Flexible.** Configure the super-fast Internet connection that your business needs. As your needs change, you can easily adjust the number of voice lines and internet bandwidth
- **Simple.** Comprehensive voice and data communications solution on a single connection, on one invoice, from one highly reliable provider
- **Affordable.** Critical communication services are bundled into one low, predictable monthly cost
