Technology At Your Speed Of Business

Who is Cavalier?

Founded in 1998, Cavalier Telephone and TV is a financially solid, rapidly growing Competitive Local Exchange Carrier (CLEC) operating in 15 states and DC throughout the eastern US. Cavalier has over \$1 billion in network assets using the best technology available. Cavalier currently provides voice and data services to more than 650,000 business and residential customers on our own private network. Cavalier also provides services to government and wholesale customers.

What does Cavalier offer?

Cavalier offers a comprehensive suite of voice, data, security and collaboration solutions for businesses ranging from home office to large, multi-location corporations.

Voice: Local, Long Distance, Toll Free

Data: Integrated voice and data T1, Dedicated Internet Access, ADSL, VoIP, Private Line (DS1, DS3, OCn, waves), Frame Relay, Email and Web Hosting, Collocation Services, Digital IP TV, Wholesale Services (SONET, waves, dark fiber)

Security: Managed Firewall, VPN, Anti-Virus/Anti-Spam, Web Content Filtering

Collaboration: Audio and Web Conferencing

Why choose Cavalier for your business?

Choosing a company to handle your critical voice and data communications is an important decision. Cavalier was built from the ground up to give our customers a superior experience. We don't have the huge overhead of the phone monopolies. This allows us to provide our customers with technologically advanced solutions and world-class customer service at a superior value.

Cutting Edge Technology

- 100% company owned and managed facilities-based network
- Advanced network architecture using fiber optics, digital switching/DWDM and SONET ring design delivers highly reliable services
- Physical collocation in 531 central offices/PoPs for improved service delivery

World Class Service

Cavalier will deliver world class reliability and customer service from the moment you become our customer. We're confident that our services will meet your demanding requirements. Our dedicated services are backed by a stringent service level agreement covering network availability, network latency and packet loss.

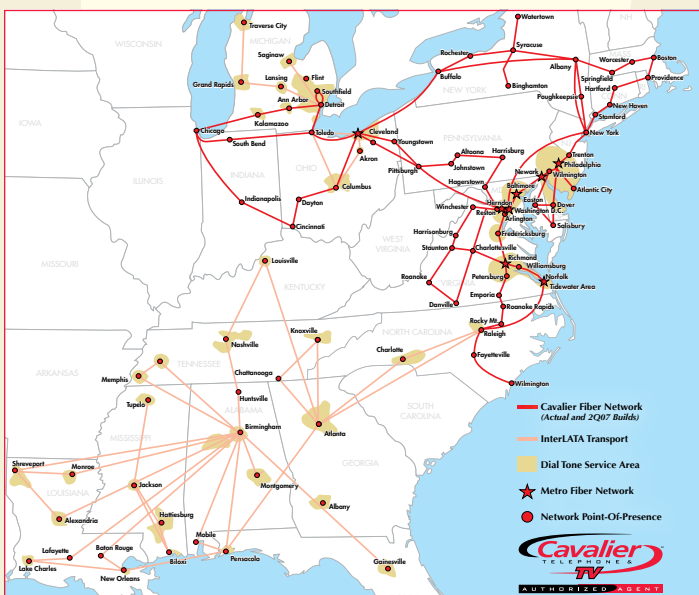

Need more proof? Just ask our current customers! Cavalier's commitment to customer satisfaction has helped us achieve an industry leading T1 retention rate greater than 99%.

Sound Advice

Telecommunications services and technology can be confusing. Our professionals take the time to understand your business needs. We then help you choose the best solution for your business and budget.

Superior Value

Cavalier understands that our solutions must improve your bottom line. Our efficient network enables us provide technologically advanced services at highly competitive prices.
